

July 27, 2020

Mynett is following Governor Holcomb's Back on Track Indiana plan. A few of our new health and safety precautions include:

- **Frequent and Repeated Cleaning** — We've stepped up our cleaning and sanitizing efforts and will continue to make them our top priorities.
- **Instrument Cleaning** — Instrument sanitization is our top priority. Every instrument that is returned to Mynett is cleaned thoroughly and mouthpieces are sanitized or replaced.
- **Social Distancing** — We're asking all customers to practice safe social distancing by staying six feet apart.
- **Sanitation Stations** — We've placed sanitation stations throughout the store and are asking customers to use hand sanitizer and to let their hands dry before handling instruments or accessories.
- **Crowd Control** — We will be monitoring occupancy levels and will make adjustments as needed.
- **Contactless Interaction** — We'd love to shake your hand, but we'll settle for a smile.

Following Indiana's state mandate, **masks are required while visiting our store**. We are adhering to all state-defined restrictions and exceptions. Thank you for your understanding and cooperation. Please help yourself to a complimentary mask!

If you're feeling sick, we ask that you consider coming back at a later time, **or you can take advantage of our curbside pickup**. Call a sales consultant to complete your order and we can arrange a curbside pickup during store hours.

All of us at Mynett are excited to continue helping you make music.

Sincerely,

A handwritten signature in black ink, appearing to read "Brad Shaw".
